

# DUTCH DOMINATE DAY TWO

6 races completed in  
fast foiling conditions.

“

More wind led to a welcome change of pace today as the sailors could invest their efforts in strategy and speed rather than just trying to fly. The wind was patchy however and rewarded the teams who were sufficiently at ease piloting their boats to be able to look for the next gust.

Watching the races unfold, there was an increasing sense of inevitability. Team DutchSail - Janssen de Jong were unstoppable, winning every race they sailed in today. Young Azzura and RHKYC Team Agiplast round out the podium for the day.

“

**We want to be dominant from the start. I think we still have lots to improve on.**
