Each competitor is individually responsible for wearing a personal flotation device adequate for the conditions. The OA reserves the right to impose other restrictions in the Event Rules.

- 18.6 Each team will pay the sum of € 2.500,00 as a security (damage deposit) to the OA, which will be returned at the end of the Act, in the absence of damage to the boat/sails/accessories.
- 18.7 The sailors are informed of the fact that the Persico 69F is a boat able to sail in "foiling" mode and therefore suspended on the water at high speed and that this involves greater risks due to the different forces applied. Due to the high speeds that the boat can reach (up to 35 knots), the space between the boat and any other object or obstruction reduces very quickly as compared to traditional boats. Therefore, maneuvers shall be called adequately in advance. Moreover, on a downwind in gusty conditions an increase/decrease in pressure can lead to wide changes in bearing angle (30°- 40°). It is therefore advised to keep an eye not only to possible obstructions straight in front but also accounting for a sharp change in bearing due to a wind shift/intensity change. This type of boat therefore requires a prudent attitude in its operation and requires that the crew is equipped with adequate protective equipment.

## 19. ENVIRONMENTAL RESPONSIBILITY

Participants are encouraged to minimize any adverse environmental impact of the sport of sailing. It is part of our mission to raise awareness among regatta participants on the urgent environmental issues affecting the seas.

Recalling the Basic Principle that mentions: "Participants are encouraged to minimize any negative environmental impact of the sport of sailing", we recommend the utmost attention to environmental protection in all moments that accompany the practice of the sport of sailing before, during and after the event. In particular, attention is drawn to RRS 47 - Waste Disposal - which states: "Competitors and support people must not deliberately throw waste into the water. This rule always applies when in the water. The penalty for infringing this rule can be less than disqualification".
